

Employer Name	Describe the externship experience you plan to offer at your worksite.
St. Luke's Health Memorial Livingston	<p>This externship will allow a teacher to gain valuable insights into the practices, challenges, and innovations in the healthcare field. Learn about patient care techniques, medical technology, interdisciplinary collaboration, and emergency response procedures. This experience can help a teacher better understand the connections between health and education, allowing them to bring real-world examples and knowledge back to their classroom, ultimately enhancing their teaching and enriching the learning experience for their students.</p>
